TriviaNerd

A trivia game tagline goes here.

Ready for some serious trivia? Choose a category, and try to answer 12 trivia questions. Your goal is to fill the score bar by answering at least 10 of those questions correctly.

Choose your category:

User clicks button to select category (or no category) for trivia questions. Categories provided by API.

On selection, button lights.

Category	Category	Category
Category	Category	Category
Category	**Category**	Category
Category	Category	No Category

I'm ready to play!

Clicking button takes user to game screen (2)
